Data Scientist Pledge

I, <u>Chen Yayi</u>, solemnly swear that I will assume the responsibilities and obligations as a data scientist .I will support the laws and regulations and perform my professional duties to the best of my ability in an ethical, professional and objective manner.

I will apply, for the benefit of society, all measures which are required, avoiding misrepresentations of data and analysis results.
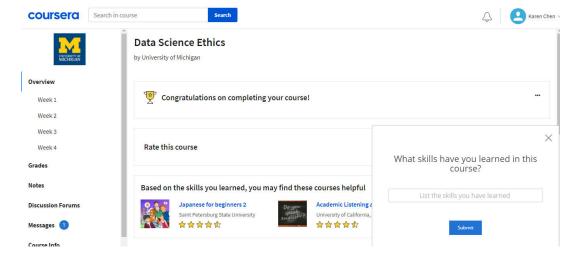

I will respect the privacy of my data.

I will always look for a path to fair treatment and nondiscrimination.

I pledge always to serve with excellence and to conduct myself with dignity, honesty and integrity.

Proof of joining the Ethical Course at your own management:

Page1 was the page when I completed the course. I use my existing account of Coursera. The name is Karen Chen. Page 2 is the profile of Coursera. karenfeixiang@gmail.com is my personal Email. I used it apply to UM.

Coursera provides a function to edit my real name to the achievement, as Page 3 showing.
